TENDER ENQUIRY

Dated: 14/11/2025 OUR REF # GCL/L1/SHEDS

PLEASE QUOTE YOUR BEST POSSIBLE RATES FOR FOLLOWING WORK WITH ALL TERMS & CONDITIONS

we are planning to extend the existing **coal storage yard shed** to enhance environmental safety and ensure proper material handling. The **existing shed (Grids 3–26)** was originally designed and supplied by **M/s KIRBY Building Systems,** and we now intend to extend it **from Grid 27 to 53. (156m)**

The proposed extension aims to **minimize coal dispersion caused by high winds**, which has been creating dust emissions and potential health hazards in the surrounding area. The **area for extension (Grids 26–53)** has been clearly marked in the attached drawing for reference.

You are therefore requested to submit quotation for the detailed design**, including:**

- Structural design and stability checks for the extended portion
- Preparation of fabrication and erection drawings
- Bill of Quantities (BOQ) for material estimation
- Please mention material and services prices separately

Span	**:**	47,190mm
Clear Height at Haunch	:	15,100mm
Eave Height	**:**	15,100mm

General requirements to materials and documentation are mentioned below and also files are attached for reference.

Kindly proceed accordingly and share the offer for evaluation. In case you need to visit plant please confirm and we can arrange your visit plant to have clear picture of the above work

Warranty: Detail the warranty or guarantee provided for the fabricated structure and any post-sale support. company / end user may visit manufacturer's workshop with advance intimation during the work in progress & for final inspection before shipment.

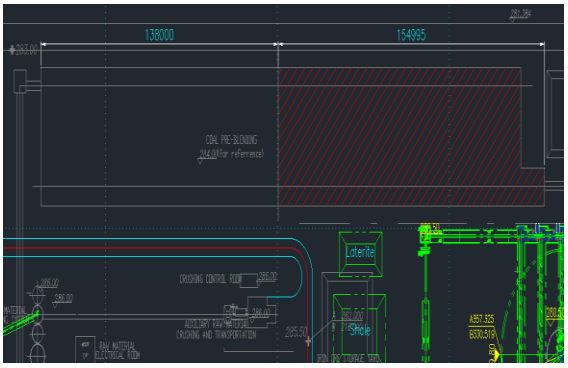

Certifications: Provide information about any certifications or quality assurance standards that your company adheres to.

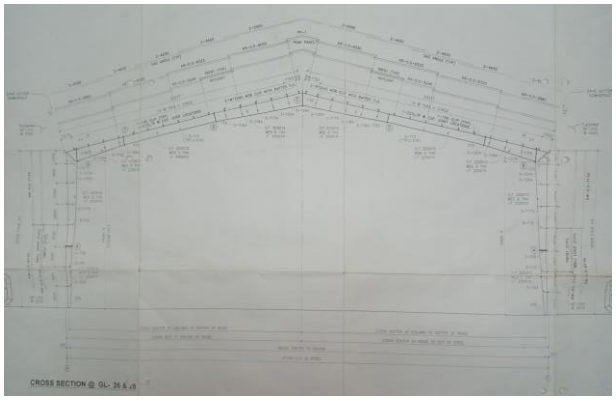

References: Please share references from past projects of a similar nature preferably in Cement Sector in Pakistan.

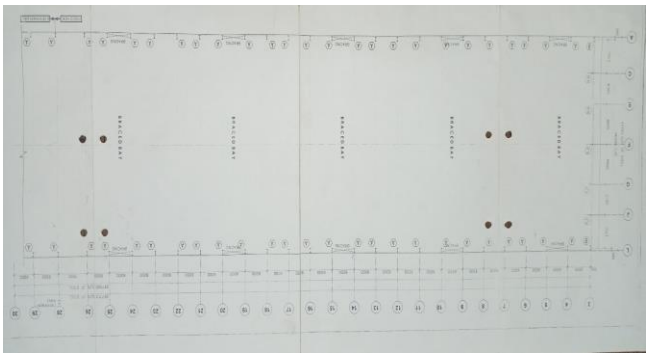

Hence submit your quotation as soon as possible. If you have any questions or require further clarification on the specifications, please do not hesitate to contact us. We appreciate prompt attention to this request and look forward to receiving your competitive quotation.

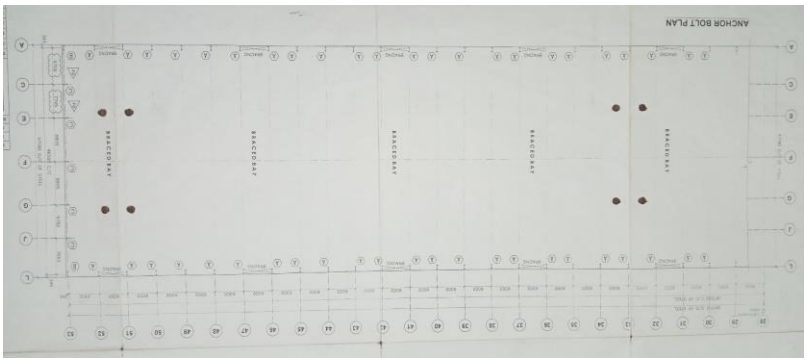

REFERNCE FILES/PICTURES FOR COAL STORAGE AREA

Your early response will be highly appreciated.

Thanks & Regards
