ACCO Architects Services – WHO-Compliant Hospital Design Experts
When it comes to designing excellent healthcare facilities, choosing the right architecture firm is critical. ACCO Architects has emerged as a leading name in hospital design, providing innovative, functional, and WHO-compliant architectural solutions for hospitals and medical centers across Sudan.

Why ACCO Architects is the Top Choice for Hospital Design
ACCO Architects stands apart due to its specialized healthcare expertise, commitment to regulations, WHO standards and a client-focused approach to healthcare facility design. Here is why healthcare professionals and investors choose us:

1. & WHO Standard-Compliant Hospital Design
At ACCO Architects, we design hospitals that strictly comply with Sudan Medical & Dental Council () and World Health Organization (WHO) guidelines for healthcare facilities.

Our designs ensure:
1. Patient safety and hygiene protocols
2. WHO-recommended infection control zoning
3. Proper ventilation, isolation, and sanitation areas
4. Emergency department design per WHO emergency care framework
5. Medical waste management areas
6. Natural light and ventilation standards for healing environments
7. Accessibility and inclusive design for all patient groups

Following WHO guidelines allows us to create hospitals that are not only compliant locally but also ready for international accreditation (e.g., JCI, ISO).

2. Trusted by Doctors, Surgeons & Healthcare Investors
ACCO has worked with:
1. Leading consultants and surgeons
2. Hospital CEOs and healthcare groups
3. Medical universities and government health departments
4. NGOs and donor-funded healthcare projects

Our deep understanding of clinical requirements such as ICUs, OTs, Radiology Suites, and Diagnostic Labs ensures patient-centered design with clinical accuracy.

3. Complete Design-Build Services for Hospitals We offer end-to-end turnkey hospital construction services, starting from concept to completion under one roof.

ACCO's hospital design services include:
